Department of Computer Science

REPORT

On Workshop “ARTIFICIAL INTELLIGENCE AND NATURAL LANGUAGE PROCESSING”

The Department of Computer Science organized a workshop on “**ARTIFICIAL INTELLIGENCE AND NATURAL LANGUAGE PROCESSING**” in the Indoor Auditorium for all teaching staff, BCA students of all semesters and Bsc Computer Science students on Saturday, the July 11, 2023 at 9 am. The resource persons were a team of experts

- 1. Sri. Harsha Jawagal, MD, AI & Gen AI,**
- 2. Smt Anitha Nayar, Associate Director, AI & Gen AI**
- 3. Sri. Sundar Jayaraman, Senior Manager, AI & Gen AI.**

The agenda of the workshop was to throw light on the features like

- Machine learning
- Deep learning
- Natural Language Processing
- Generative AI
- Use case /Examples
- Q & A

First session:

Time: 9.00 am to 10:30 am

Topic: Understanding the potential and application of AI

Speaker was Sri. Harsha Jawagal who gave a detailed insight about Artificial Intelligence and its applications. The speaker was on the opinion that the future technology will one way or the other depend on AI quoting many examples.

He explained about Generative AI, citizen AI (where the machine learns like a child), AI @ work. Gen AI what all it can generate was explained which included the text, images, video, code. Notable generative AI systems include [ChatGPT](#) (and its variant [Bing Chat](#)), a [chatbot](#) built by [OpenAI](#) built by Google. He emphasized on few aspects like

Website: www.vijayacollege.ac.in

- that the learning models should be fed with right inputs in order to expect the right outputs from the AI machines.
- AI should be under the right hands to see to that it is not used for any destructive purpose.

The students had an interactive session with the speaker and they even got their doubt clarified regarding the legal concerns in artificial intelligence.

Second session:

Time: 10:30 to 11:45 am

Topic : Machine learning and Deep learning

The second speaker Smt. Anitha Nayar spoke about machine learning and deep learning and a quiz was conducted with respect to the subject so that a competitive environment was created and all the students actively involved in the quiz.

Third session:

Time: 12 noon to 1:15 pm

Topic : Natural Language Processing

The third speaker Mr. Sundar Jayaraman spoke on Natural Language Processing where he explained how any language is processed by devices like Alexa and also the concept behind natural language processing. NLP drives computer programs that translate text from one language to another, respond to spoken commands, and summarize large volumes of text rapidly even in real time.

The speakers were of the opinion that the students should be strong with subjects like data structures and basics of AI, python etc. since the future job requirement demands strong hold on these concepts.

The program was graced by the Honorable Secretary, BHS Higher Education Society, Sri. N B Bhat, His concern regarding how dangerous could AI be if it goes into the wrong hands was a genuine question which still needs a responsible solution which lies under the hands of the future citizens of this world.

Principal Prof . K S Shailaja madam, Vice Principal Dr. Nagashree madam also graced the occasion.

Around 300 members participated in the workshop.

Questions were raised by students and faculties, who were enthusiastic in getting more information about AI. Lot of information was exchanged between the students and the

Vijaya College, R.V Road, Bangalore – 560 004
PG Department of Commerce.

16th November, 2023

To
The Principal,
Vijaya College, R.V Road,
Bangalore – 560 004.

Dear Madam,
Sub: Permission for holding Special Lectures and budget approval thereof

I wish to bring to your kind notice that the classes for the third and first semesters of MCom are scheduled to commence wef 16th November, 2023 as per Revised Notification of BCU dated 28th October, 2023.

The MCom students will require a blend of activities encompassing special lectures, industry visits, internships and the like to build better competencies and employability. In this context, there will be a “Knowledge Sharing Series” of lectures and workshops in addition to industry visits during the current semester.

I strongly believe that the mix of these activities will ignite high energy and passion for learning, acting as a catalyst for better overall performance.

Currently, the two proposed special lectures are as follows:

Sl No	Title of the activity	Topic of coverage	Name of the Resource Person	Date of conductio n & Duration	Honoraria an Amount in Rs.
1	Lecture (Internat ion), 1.5 hours session and half hour Q and A	Reading financial statements using DuPont Model, Benish M Score, Altman Z Score, Piotroski F Score	Dr V Rajesh Kumar, Professor & Dean, School of Commerce & Management, Channarayana University	1 st week- December , 2023	2000
2	Lecture (Internat ion), 1.5 hours session and half hour Q and A	Understanding fintech better	Dr Girish, Associate Professor, CHRIST University	2 nd week- December , 2023	2000
3	Refreshments @ Rs.500/- per Session	2 * 500			1000/-
Total					5,000/-

I avail your kind sanction of the above in order to go forward and fix the lectures at the earliest.
Thank you.

Yours faithfully,
Vasanta Valli

Report on National Mathematics Day celebration in the college

The Department of Mathematics celebrated **National Mathematics Day on 16th December 2023** in the Mathematics lab in the college. In honor of the great Indian Mathematician Sri Srinivasa Ramanujan’s Birthday December 22nd is celebrated as National Mathematics Day every year. The day promotes and highlights his outstanding accomplishments. Ramanujan was regarded as a skilled Mathematician as he gave important Mathematical analysis and solved some of the unsolvable equations. On a national and international basis he is regarded as one of the best Mathematicians in the world.

The speaker of the day **Sri. B S Krishna Murthy** enthralled the audience and kept them lively throughout his talk which was more to do with application of Mathematical concepts to everyday life. The topic he spoke on itself was very catchy “Dance with Mathematics”. He involved the audience by asking them questions based on simple mathematical concepts. He also had live demonstrations through which the students were fascinated towards the subject. He also tried to remove the Math phobia in most of the students. His talk was for 2 hours, which just went off very fast and was so interesting that the audience demanded for many more of his lectures. The programme ended with distribution of sweets to our dear students on this happy occasion.

Report on the Mathematics Lecture competition conducted by the department

The Department of Mathematics conducted a Mathematics Lecture for Mathematics students of all semesters in our college on 28th Dec 2023 as part of the departmental activities in this semester.

The competition was judged by Prof. KLS Sharma, Dept of Mathematics, Vijaya college Jayanagar and Prof. Maheshwari, Department of Mathematics, Vijaya Bifr. College RV road, Bengaluru.

The department HOD Prof. Latha P welcomed the judges and the gathering

The students were asked to select topics outside their syllabus but related to it.

5 students participated, 2 students Shrinidhi Kumar and Rajarajeshwari won prizes sponsored by the department HOD. They spoke on graph theory and its application to daily life situations. The judges also were honored by the dept.

The judges gave a very good feedback and were very happy to be part of an event which happened for the first time in the department history students and teachers who attended gave a very good feedback which has been documented Many more of such events which is student friendly has been planned by the department and will be conducted in future also.

Participants

Feedback from Judges

This event helps the students to do some research work. If you conduct such lectures in every semester they like maths.
K.L.S.Sharma

A very good initiative to motivate students to study mathematics and take up a career in mathematics in future. Many such events has to be concluded so that the other student^(children) can be updated with the mathematics

Maheshwari

Feedback from Students

Rajashree S
A very informative session from Mathematics dept.

Madhumitha S
A very informative and good presentation.

Sai Srija G
A very useful and a motivative session from mathematics department.

Shrinidhi Kumar
A very useful seminar but expected more would turn out.

HANDS ON TRAINING AND WORKSHOP ON MOLECULAR TECHNIQUES

Date: 12th & 13th January, 2024

The Department of Microbiology organized a **hands-on training and workshop on “Molecular Techniques”** on 12th & 13th January, 2024 in association with Azyme Biosciences Pvt. Ltd, Jayanagar, Bengaluru. The total number of participants were 13.

The primary goal of this workshop was to provide students with practical experience in modern molecular techniques commonly used in microbiological research. This training aimed to enhance the participants’ skills in handling molecular biology tools and experiments.

An informal inauguration was organized at Azyme Biosciences on 12th January, 2024. The students assembled in the venue at 9 AM. The session was presided by Dr. Mahesh S., CEO Azyme Biosciences Pvt. Ltd.. The faculty of the Department were also present for the event.

Workshop Outline

Day 1: 12/01/2024

Session 1: A brief theory session was conducted by the resource person on introduction molecular biology, its scope and key techniques. This was followed by Practical sessions of the following experiments.

- Genomic DNA isolation
- Plasmid DNA isolation
- Agarose gel electrophoresis
- RNA isolation and visualization

Session 2: This session also began with a theoretical explanation of the experiments to be done during that time. The following experimental procedures were carried out.

- Restriction Digestion
- In-vitro ligation
- Preparation of competent cells

Email:vijayadegree@gmail.com

principal@vijayacollege.ac.in

Website: www.vijayacollege.ac.in

Day 2: 13/01/2024

Session 1: With a quick revision of the experiments performed on Day 1, and few other theoretical concepts regarding the experimental plan of that day, the second session involved the performance of the following experiments.

- Transformation
- SDS PAGE
- DNA amplification by PCR

Session 2: The last session of the workshop involved performing of the following experiments

- Southern Blotting
- Replica plating

Following these, few students were asked to share their feedbacks and the workshop was concluded with a formal vote of thanks.

Outcome and Learning Experience

The workshop successfully met its objectives with participants gaining and enhanced and essential skills in molecular biology techniques. They were confident of performing various cloning and molecular experiments that places them at a superior level in comparison to their counterparts. We could significantly observe problem-solving skills and troubleshooting experimental issues.

Feedback from the students indicated that they were very happy with the experience and exposure gained through this workshop.

 PG Department of Commerce.

16th November, 2023

To
 The Principal,
 Vijaya College, R.V. Road,
 Bangalore – 560 004.

Dear Madam,
 Sub: Permission for holding Special Lectures and budget approval thereof.

I wish to bring to your kind notice that the classes for the third and first semesters of MCom are scheduled to commence w/e 16th November, 2023 as per Revised Notification of DCU dated 26th October, 2023.

The MCom students will require a blend of activities encompassing special lectures, industry visits, internships and the like to build better competencies and employability. In this context, there will be a "Knowledge Sharing Series" of lectures and workshops in addition to industry visits during the current semester.

I strongly believe that the mix of these activities will ignite high energy and passion for learning, acting as a catalyst for better overall performance.

Currently, the two proposed special lectures are as follows:

S/No	Title of the activity	Topic of coverage	Name of the Resource Person	Date of conductio n	Time Slot & Duration	Honoraria in Rs
1	Lecture/Interact ive), 1.5 hours session and half hour Q and A	Reading financial statements using Dupont Modl, Basicish M Score, Altman Z Score, Piotroski F Score	Dr. V. Rajesh Kumar, Professor & Dean, School of Commerce & Management, Chanakya University	1 st week- December , 2023	will be intimated	2000
2	Lecture/Interact ive), 1.5 hours session and half hour Q and A	Understanding fintech better	Dr. Girish, Associate Professor, CHRIST University	11 week- December , 2023	will be intimated	2000
3	Refreshments @ Rs.500/-per Session	2 * 500				1000/-
Total						5,000/-

I await your kind sanction of the above in order to go forward and fix the lectures at the earliest.

Thank you.

Yours faithfully,
 C. Vasanta Velli
 C.VASANTAVALLI
 Coordinator

It is a good initiative from the PG Dept to come to promote Academic environment at PG level. It is useful for Bcom students forwarded to the Secy BHS HO as the Dean & joint Secy BHS HO

Industrial Visit: Container Corporation of India.

Purpose: Logistics and Supply Chain Management is a key paper for M.Com program as per their course matrix.

Report on Container Corporation of India:

Container Corporation of India Ltd.

The PG students of Commerce visited the CCI on 14th May 2024 at Whitefield. The Manager and his team of Customs officials were gracious and willing to reply to several queries. It was a good experience.

Website: www.vijayacollege.ac.in

Objectives of the visit

- To get an overview of CCI
- To describe Import export related procedures.
- To Show students the practical loading, unloading process and containers in the yard

The Interaction with chief manager {Balachandren} are described below in accordance with the objectives.

- **Overview of CONCOR**

Container Corporation of India Limited (CONCOR) is a leading player in the logistics sector in India, engaged with Container transportation, handling and warehousing activities. The Company introduced “Express Parcel Service Vans” between Chennai and Delhi.

History

The Company was incorporated in March 1988 at Bangalore and began operations in November 1989, handling the transportation of containers via Rail. CONCOR introduced Asia’s biggest ICD [Inland Container Department] at Dadri in the year 2003. The company has emphasized the development of dry port as a key part of its logistics strategy. The main objective to introduce the concept of dry port is to facilitate the efficient movement of goods between seaports, and providing customs clearance service closer to the point of destination.

- **To describe import and export related procedure.**

The ppt presentation explained to us about the geographical map and the ports which transports exports & import .There are four types of transportations Railways, Roads, Ship/sea, Air. This corporation mainly concentrates on railways because of railway network availability. Earlier, they used man power for dumping cargo into ships, but later on they started using trucks and technology for sniffing and handling process. The usage of truck and technology has compressed time taken to load and unload to a few minutes. The concept of containerization was described by Malcolm McLean. The container is very secured from any other fraudulent activities through the use of seal numbers, verification and examination during import or export.

- **To show students the practical loading, unloading process and containers in the yard.**

Visiting Concor’s yard is like stepping into a giant puzzle of trucks and containers. Everywhere you look, there’s movement and noise as containers are loaded & unloaded onto trucks.

Website: www.vijayacollege.ac.in

In warehouse dedicated to export and import activities, there's a constant flurry of action as goods move through various stages of processing. For imports, items arrive in large containers are unloaded, and then carefully inspected and sorted. Each product is checked for quality and accuracy before being stored or sent to its next destination. Export side, products from local manufacturers are gathered, packaged securely and prepared for shipment.

Out Comes of the visit

There was a clear understanding of the complexities and scale of modern logistics and transportation. The visit also shows how important technology is in tracking and managing shipments.

ONE DAY VISIT TO ICAR – NDRI NATIONAL DAIRY RESEARCH INSTITUTE

Department of Genetics organized an one day visit to ICAR– NDRI, Adugodi, Bangalore on 15th May 2024 as a part of academic activities by the Department of Genetics. In this regard about 28 students from 1st, 2nd and 3rd year BSc were taken for the visit. It was accompanied by Dr. Priyadarshini PA and Dr Jalajakshi S.

Students attended a seminar by lecturers and scientists where they learnt about breeding, artificial insemination (in cattles), dairy microbiology, dairy technology, genetics involved in breeding and career opportunities in the field of Dairy Research. The students learnt how the Institute works in production of milk from healthy cattles by providing fodder grown by them and all the other required nutrients and care given, and how they are constantly working on increase in the production of milk, various researches conducted on milk and its products and finally how they strive to provide quality milk and its products to the people. The Institution involves Dairy Production, Dairy Research as well as Dairy Management.

Then the students were allowed to take a look at their production unit where the cheese and panner were being manufactured. It was a great experience for us watching the production unit. Later the students had the opportunity to visit their research laboratories and learn about the instruments like PCR machines, Vaccum concentrator, Laminar air flow, Centrifuge, Biosafety cabinets, Electrophoresis system, DNA sequencer, Vortex mixer, Vaccum Concentrator, Deep freezer, Ultrasonic cell crusher noise isolation chamber , DNA Biophotometer, Sample concentrators etc..

Overall it was a very informative visit where students learnt about new career opportunities in the field of Dairy technology and also about the processes and the efforts that goes in through this process to provide quality dairy products to the people and also how this helps field economic growth of the country.
