CURRICULUM FEEDBACK REPORT

INTRODUCTION

Feedback is an essential element of teaching and learning process. The college disseminates the feedback form and collects filled in feedback on curriculum from various stakeholders such as Students, Teachers and Alumni annually online. The feedback was obtained through different questionnaires covering 6 different aspects. Quantitative metrical answers were expected from various stake holders ranging from 1 to 5, 5 being Excellent and 1 being poor. The responses were later analysed and action taken reports were generated.

Feedback thus collected and analysed were represented in the board by senior faculty members of the Board of Studies.

TEACHERS' FEEDBACK ANALYSIS REPORT

Teachers are the key stakeholders in the institution participating in the generation of new professional knowledge base. All the faculty members provided their valuable feedback on curriculum in their area of specialization.

TEACHERS' FEEDBACK ANALYSIS REPORT

The questions asked were

1. Course content intellectually stimulates the students
2. Curriculum could enhance skill base in the area of specialization
3. Curriculum emphasizes on fundamentals and basics
4. The syllabus has good balance between theory and applications
5. Curriculum is updated and well defined to the need of the student
6. Load of the course in different semesters is well balanced

The action taken report of curriculum feedback 2023-24 from teachers, students and alumni

The institution being an affiliated college to the Bengaluru city university (BCU), no modifications to the syllabus can be made by the college.

Large number of senior teachers of the college is in the Board of Studies (BOS) of the university which has the authority to modify the syllabus.

IQAC recommends the following changes that can be implemented in the syllabus

- More value-added courses and skill oriented courses must be included in the curriculum
- The syllabus must give more thrust to make student industry ready with appropriate updating the syllabus timely.
- The bridge between what students study and the industry requirements must be narrowed down.
- More innovations and start up ideas should mould in the student mind before graduating with a degree.
- Inclusion of industry experts in the BOS is necessary to receive a valuable inputs with respect to current trends and demand in the respective field of study.

IQAC forwards the recommendations to the BOS members for further action.
