teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.						
20. The overall quality of teaching-learning process in your institute is very good	50	97	58	8	3	216

Method of analysis

1. The student response with options 4, 3, 2, 1, 0 were counted for each question in the sample collected.
2. No. of student responses for each option was determined.
3. Total score was calculated by multiplying no. of each option from student responses by giving values 4, 3, 2, 1, 0.
4. Threshold of 75% was taken as the benchmark percentage above which the performance is good below which the performance needs to be improved.

Strengths of the system

1. Coverage of syllabus
2. Preparation of teachers to handle classes
3. Ability of teachers to communicate well
4. Fairness of internal evaluation system
5. Explanation of concepts through examples & applications
6. Teachers approach to content delivery is more students - friendly
7. Overall quality of teaching - learning in the institution is good

Areas requiring improvements

1. Promotion of internships and industrial visits
2. Promotion of students to enrol in MOOC and online-courses
3. Mentoring process in facilitating cognitive, social & emotional growth of Students
4. Guiding the students about multiple opportunities to learn and grow
5. Use of ICT by teachers in large scale.
6. Career guidance to the students
7. Engaging students in monitoring, reviewing, & continuous quality improvement in teaching - learning processes.
8. Enhancing student - centric & experiential learning strategies
9. Enhancing value education, soft skills and life skills of students

Good

Good

Very good

-

..

Teacher should encourage and concentrate on students more

The department of Chemistry could consider introducing a few video lectures to help understand some concepts which are harder to teach with board and chalk. Outside of academics, the college campus could start 1 stationery shop (with Xerox Facilities) and 1 functional canteen with BOTH healthy food options AND fast food options to help enhance the overall students' experience.

Communication skill with students, to be polite, be more interactive 😊

Keep doing the same as now

They can do more better

Proper teaching Guest faculty for Msc chemistry Experienced and well trained lecturers needed Coordination with the teachers and students

1)

Infrastructure

As of now everything is intact.. Thank you for your great teaching! One suggestion I have is to provide more information on career opportunities and job prospects related to our degree, which would be really helpful for us.

Internship or campus selections for job is required

Good Excellent Very well

Can be better

Ntg... just wanted to get good response in all activities and studying!!!!

The teacher should be more friendly than strict towards students

No suggestion

Should conduct the classes even more and complete the portions at the time

Our college teachers are best for learning

1) stop old school teaching 2) make use new technologies and AI tools 3) be kind and friendly with students

They should much teach students about the competitive world And they should improve the internship skills and very much needed is placement

Teachers should inform the students if the classes are not there

It is a great experience to teaching in vijaya collage, and all teachers are good in teaching

Satisfied

Teaching through digital way
Conducting more debate sessions during each sem to have a grip on current affairs
Making students aware of the reality around them

Teachers have to give notes and complete syllabus on time

Language teachers don't complete the portions

They are doing there best

They have to communicate with everyone at once in sem atleast
English sub teachers are very low at communication as well as teaching

Statistics teaching is fast compare to all other subjects to improve that
All is good

Encourage questions and bedets
Hands on activities
Group discussion

Knowledge about us
Thinking about us
Making hurry and fast

1. Use different activities in class - videos, lecture, group, guest speaker, pair work .2. Need to give a break for them in a class just for 5 minutes.3. Prepare your teaching materials in advance and use them efficiently.

Explaining topics by giving lot more examples so that we can understand the topics easily

I like to learn to if they teach us well

Students should concentrate in class while teaching so they can have good experience in learning and communicate with teachers if any doubts

Make the topics more easy and convenient

Make the topics more easy and comfortable

Take seriously

1. Consider Student's thoughts and interests
2. Make the students understand the concept
3. Please complete the syllabus before the last working date

1. Consider students thoughts and interests,
2. Make the students understand the concept until they do understand
3. Complete the syllabus before the last working day..

Improvement in making visual explain

No necessary they are perfect

Teacher doesn't speak in English ,

Nothing much There teaching is okay but they should be friendly with Us

Renovate the college
Correction in the students dressing sense
Environment change

[Estd. 1945]

Improve teaching skills Must complete syllabus on time Consider students needs Must conduct inter class competition on topics Be specific about the topics which they are teaching

Give more information about Future like WT skills should we improve to see better future

It's was nice All teachers are teaching us in good way Nice nice nice 😊 ☺ ☐

No suggestions

Teaching the student to understand completely could be better

To interact with all students especially in the language classes

Internal marks should not be dependent on personal character

Teachers should engage the free classes

Should interact with students more and encourage students in other activities like sports or other co curriculum activity.

Realistic, in current world examples given, to enhance students current affair knowledge

Can do better

Should have sports class and yoga class and shld giving training of work and english communication

Very good, excellent

Teaching is interactive, every student is made to pay attention, attendance is given rightfully

College staff teachers r extremely good at teaching but few guest faculty teachers r not at good it's very hard to understand their teaching.

Yes

Kannada teachers Don't complete the portions

To give suggestions to those students who are not regular

Satisfied

Language teachers doesn't complete syllabus

Every think is perfect All the teaching process and lectures are very excellent

Just have to attend the class regularly we can score the best marks

We need a clean laboratory currently labs which we r using has a lot of issues such as blockage & dirt in sinks, instruments shortage, handwash (chemicals we use can cause some health issue after using it we need to thoroughly wash our hands), chemicals shortage..... Mainly feedback placements & internship programs to enrich our knowledge to compete with the work world

1) Excellent Teaching 2) Very Good Campus and very good Teachers 3) Some core subject's teachers are required to teach the students

Ntg

Proper and single notes allocation instead of vague and multiple e-notes

Should try to communicate with each of the students and help us to come out of our weakness in stage fear and so on. Thank you

Very good teaching of all teachers is very well

Should Teach in department also

Useful

All ok

Teaching level is very good for me

• way of communication • good language • prepare thoroughly about topic before teaching.

Job placement

to avoid language and English classes at afternoon instead could replace it with any of the computer science classes

Regular tests should be conducted.

1. Need to give a break for them in a class just for 5 mins 2. establish latest technologies in classroom 3.

Maintaining a watch on mischievous students, To give idea about question paper, To give strict punishments to mischief ones

Nothing to say ..satisfied with it a lot..

No suggestions

Don't give continuous class to teacher because they may be tired off

Super

Intract with all students Correct the grammatical mistake Teach how to communicate with others and presentation

* Teaching is very good but need to address students capability and teach more effectively * Teaching job is good but university has to change syllabus pattern for exams * Should encourage cognitive and application based learning in colleges otherwise studying will end up just for exams sake not for work or life.

More qualified faculty should be appointed with good experience and teachers with good coordination with students should be appointed who are good at students centric approach.

Lecturer should be more interactive with students

None
