Overview

The workshop “**Generative AI & Your Career**” (Version 2.0 – 2025) aimed to introduce students to the fundamentals of Artificial Intelligence and Generative AI, and to explore their applications in academic and professional growth. Conducted by **Infosys Springboard**, the session was designed to be practical, engaging, and career-oriented.

Key Takeaways

The following key points were discussed to help students understand where AI can be effectively used and where it should be avoided. There was a one to one interaction on this topic.

"AI & Generative AI Fundamentals:

Simplified explanation of AI concepts using real-life examples.

1. **Interactive Learning:**
Demonstrations on how AI can make learning enjoyable and effective.
 2. **Hands-on with AI Tools:**
Students explored tools for content creation, skill development, and productivity.
 3. **Ethics & Academic Integrity:**
Discussion on responsible and ethical AI usage in education and beyond.
 4. **Real-life Case Studies:**
Showcased how students have enhanced communication and project outcomes using AI.
 5. **Career Guidance through Infosys Springboard:**
Insights on how students can use the Springboard platform to build AI-driven career paths.
-

Highlights

- Engaging demonstrations and Q&A sessions encouraged active participation.
 - Students gained awareness about integrating AI into academic projects.
 - The facilitator emphasized that **AI complements human creativity, curiosity, and critical thinking** rather than replacing them.
-

Quotes

“AI can lighten your tasks, but it cannot replace your curiosity, creativity, or critical thinking.”

— *Kiran N. G.*

Conclusion

The workshop successfully motivated students to adopt AI-driven learning and explore self-development through **Infosys Springboard**. The session reinforced that understanding and using AI responsibly is key to thriving in future academic and career landscapes.
